

7. GUIDELINES FOR THE TELLERS AT THE ACI AGM

VOTING SYSTEM

- a) Secret Ballot
- Election of Officers
- b) <u>By Show of Hand</u>
- New Rules
- Amendments to existing rules

- to accept an invitation to host the ACI Conference

- Full or Associate membership

<u>Abstentions</u> do not count - they are neither votes in favour nor against the motion. All the calculations are made <u>on the votes cast and not persons present.</u>

75 % (3/4) majority of the votes cast is needed (... votes)

- to accept a report
- to pass a new rule or alteration to an existing one
- to pass a rule regarding finance
- to accept an alteration to the Standing Orders of the ACI AGM
- to adopt the minutes of the previous AGM

A straight majority (1/2 plus one vote) is needed (... votes)

- to accept an amendment on a proposal
- to withdraw an item from the agenda
- to accept the agenda
- to elect an officer
- to accept an invitation to host the ACI Conference
- Full or Associate Membership

It is up to the tellers - supported by the Minutes Secretary- to count the show of hands and the voting in secret ballot, and then inform the ACI President of the results.

HOW AND WHEN TO ANNOUNCE THE RESULTS OF THE VOTING FOR OFFICERS

When the votes of elections have been counted, give the result of the counting to the President of the AGM – written on a piece of paper, where it is stated as follows:

The names of the winning candidates are:

- 1. ACI Secretary (for the year 20...-20...)
- 2. ACI Treasurer (for the year 20...-20...)
- 3. ACI Vice-President (for the year 20...-20...)

Updated April 2018

Tellers receive from the President, casting votes in sealed envelopes for:

- ACI Vice-President
- ACI Secretary
- ACI Treasurer

In the sealed envelope are also the casting votes for any other item that will need a secret ballot vote.

These are only opened in the event of a tie. If these casting votes are not needed, they should be returned to the President at the end of the AGM.

All voting slips have to be destroyed after elections.

SINGLE TRANSFERABLE VOTING SYSTEM

If there are <u>more than two</u> candidates to any office of ACI, proposals for a new ACI Charity Project or application to host ACI Conference, a SINGLE TRANSFERABLE VOTING SYSTEM is used.

Voters are asked to state their choice of candidates in order of preference on a voting slip (the ACI Secretary should have made voting slips for this occasion, where numbered lines have been made for this purpose).

Votes are counted according to the first choice. If there is no 50% majority for any one person (or proposal) at this stage, the person/proposal having received the fewest votes (=first choices) is eliminated and her votes are re-allocated according to the second choice stated on the papers. This procedure is followed until one candidate achieves the required 50% of votes, in which case she is duly elected.

- If there are only three candidates it is not usually too complicated, as when one candidate has been eliminated her second choice votes are allocated between the remaining two so a majority is usually achieved.
- The problems can arise when there are more than three candidates. In the case of a tie, the Chairman has a casting vote.

Advantages

- The result is obtained without the meeting knowing in what order the candidates were placed, other than the winner.
- The votes are only cast once, which saves time.
- A candidate is elected on a majority vote, even though some of the votes are transferred votes.

Disadvantages

- It is a complicated system to administer and particularly so when only a few votes are cast.
- Those who vote do not always understand what they should do and Tellers sometimes have problems with the count as various complications can arise regarding who should be eliminated, when there are equal numbers at the bottom of the poll etc.
- This system can produce a successful candidate who is not necessarily the favourite on the first count, but who most people choose as their second choice because she is fairly acceptable to most of them a "middle of the road" candidate in other words.

Casting Vote

The ACI President should state her choice in order of preference so that if there is a tie between the last two after votes have been transferred, the name highest on her list that is still standing will be given the casting vote. THIS VOTE SHOULD BE WRITTEN ON A PIECE OF PAPER AND SEALED IN AN ENVELOPE, to be opened only in the event of a tie in the voting.
