# Eyes for the world – Bangalore, India

A UNIQUE Side-by-Side mission with Agora Club International & LC India

## I still remember

when I was 10 years old and got my first glasses. The world around me became sharper and brighter, and I could read what was written on the blackboard!

This feeling has never left me, and when the chance to attend in the EFTW's mission to Bangalore in India to help underprivileged children and old people to have a better vision, I was in.

I had some unforgettable days together with the members of Ladies Circler and ex-ladies in Bangalore, and not to forget my fellow travelers from Agora Club International from Europe; EFTW Convener and Past President ACI - Veerle De Jonge, President ACI – Anna Tabone and Past President ACI - Isabelle Séguinot. Friendship across borders: working, laughing, giving and feeling the warmth in what we were doing together. A really **UNIQUE Side-by-Side** project.

Our “own” Ashwini Surendar (individual member of ACI) did the coordination with Ladies Circle India and hosted and spoiling us to the edge – just the “travel” in the Indian cuisine is a story for itself

ACI 2019 © EFTW India

ACI 2019 © EFTW India

We visited 5 schools which were built by Round Table and looked after by both RT and LC. In addition, 1 large old age home (and the blessings from the elderly where many – we can probably live forever when counting them all ....) and 3 eye surgeries were also sponsored by ACI's Specialized Eyecare Fund.

The Circlers of Bangalore did an enormous job – screening 2500 children to have a pre-check if they needed spectacles before we arrived!!! These ladies are something – just amazing – doing magic in their own neighborhood. You rule!!!

ACI 2019 © EFTW India

The children became quite eager to do their eye-check when they realized that afterwards, the reward was a “High-five” with this blond European lady ☺

Even children came twice for check – in other schools there where sweets handed out afterward ☺☺☺

A few days into the mission we were also invited in the evening to a roof top “meeting” with the Circler and Tabler’s of Bangalore – what a treat and great fun!

## Now ... I will remember this ..

# LC MTM APAC 2019 - Kolkata, India

## Anna Tabone

### Mid Term Meeting APAC 2019, Kolkata, India – Anna Tabone

The first Ladies Circle Mid Term Meeting for the Asia Pacific Region was held in Kolkata in the first weekend of February. The importance of this meeting, which was ably chaired by Namrata Shenoy, National President, LC India was to bring together the Asian Ladies who would normally not have the opportunity to attend International meetings held in Europe or elsewhere. The exposure encourages growth in the countries in the region as in fact is due to happen in Dubai. With India as Godmother country. Namrata Shenoy was also voted as the first Regional Chairperson. It was a pleasure also to meet the ladies from Nepal and Sri Lanka, who were attending the meeting

The wonderful welcome that was given to us all made this MTM a very special one – nothing was left to chance and I have to say that wearing a Bengali Saree, kindly given to us as a gift was truly an amazing experience – I just didn't want to take it off... it felt so good to wear one. Attending the Ladies Circle MTM's is inspiring and is a great way of keeping updated with the way forward. The launching of the Circle World based on the already successful Tablers World, is just one of the platforms where we can be following their lead.

It is through this close relationship that together as part of the Round Table family can we be truly work side by side.

This year, we attended the MTM's in France, Romania, Lithuania and India where through the participation of Isa, Chris and I, we have created wonderful memories but above all great friendships that have no age limits. Thank you lovely ladies!

Whilst in Kolkata, LC India organised their 3<sup>rd</sup> Board Meeting on a great barge on the Ganges. Typical of the wonder women of India, this was organised to perfection. Dressed in a marine theme, we learnt about the amazing projects carried out by the different areas in India. During the meeting, a victim of an acid attack was given a donation to assist in the various operations needed to rebuild her face, her confidence and her faith in humans. What an amazing experience to hear of her ordeal. The Indian ladies have no limits to their service.

Being in Incredible India is indeed an amazing experience, where extremes are taken as the norm but the warmth and love that I have felt unique. My next trip took me to Bangalore where besides it being a meeting amongst dear friends of old, it was a meeting of great emotion that left me wishing I could do more but where I also felt that with a little help, we made a big difference.

Some of these photos speak volumes, I hope you will enjoy them as much as I enjoyed being there.

# LC MTM 2019 - Pornichet, France

My dear Friends,

Ladies' Circle 78  
PORNICHET  
CÔTE D'AMOUR

I was really delighted to represent Agora Club International for the first LCI MTM 2019 in Pornichet, France, for the South of Europe area, for 3 reasons:

-To meet again my International Friends... Specially Kenza Sbihi, the LCI President and

my godchild from LC Morocco; Alexandra Bennett, LCI VP from GB&I; Paula Farnfield, TCI President from GB&I; Bouty, Hanane and Lamia from LC Morocco... and what an amazing surprise to see my dear friend from LC Madagascar, Eliane Razafindrakoto.

I met also new friends from LC Cyprus, Israel, Italia, but also from LC Denmark, Sweden and Botswana.

-To meet again my dearest Friends from France: Pascaline (NP LCF), Manue (NIPP LCF), Aicha & Alex (Past NP LCF), Christiane (NP Agora France), François (NP 41 France), Michel (N iro 41), Julien (NP TRF), Geneviève (from LC Pornichet), Aurélie et Céline from my area and so many other french Ladies...

-The third reason is a bit more personal. As I lose my parents, it tooks to me a special extent to come back in a place, La Baule, where I spent holidays for many years, with my family, when I was a little girl.

The weekend began with a very warm Welcome Party in an Oceonarium closed to the Sharks, turtles... and I came back to the hotel with my VIP friends in my little VIP car!

### **On Saturday morning, it was the LCI Mid Term Meeting.**

For the first time, was elected an area chairperson.

For the southern area, she is from LC Italy...

Martina Santoro! They explained us what "circler.world", the new platform for communication could give to LC. RT already adopte it!

We discovered the 2 proposals to become the new LIC ISP for 19-21 from LC India and LC South Africa. Both of them proposed to help girls and women during their regular period and offered them napkins or underwear. I feel very happy not to have to choose because it will be a very difficult choice as the 2 projects are similar and so useful!

The meeting finished with workshop around several discussions: the ISP, digitalization of the AGM, the Legal structure, the best practices to grow, the onboarding and some branding around the LC Logos...

The afternoon, despite the bad weather, we discovered the Marshal Salt and other beautiful places!!!

Then it was the Gala Dinner, with a French touch, during which the organizer team offered 2000€ to the LCI ISP "Happy Hearts"

AGORA France, National French President: Christiane FIUMANA put back the formation collar at the future President: Caroline. This new AGORA Club is in the city of Aire sur la Lys. The name of this new club is Club AGORA Aire-Artois 65 and the sponsoring Club is the Club AGORA Lille 1.

# Chartering of AC5 Iceland

Agora 5 in Húsavík Iceland was chartered February 1st. We had many wonderful guests from the national board, from our mother club Agora 1, the incoming Agora 7 and from other Agora clubs in Iceland. We were very happy that so many ladies took the time to celebrate with us since the weather was not cooperating and a winter gale was there in full force. 9 ladies from Húsavík were chartered but two more will be chartered as soon as possible.

*The Agora club #5 ladies and the Agora national board of Iceland*

This group of great ladies is a mix of former Ladies Circle members and those who are new to the organization. It is nice to report that two of our founding members were also founding members of Ladies Cirlce 5 in Húsavík, 1996. The group started meeting regularly last fall, has already put forth a program for the year and has participated in the charity project of "Christmas in a shoe box". The charter started with a dinner where the formal chartering ceremony took place. After that a large group of us continued on to the Geosea thermal baths with a magnificent view where we chatted and had a few drinks. Those who held out the longest were able to have a taste of different kinds of beer in Húsavík's microbrewery , Húsavík Öl.

Thank you to all of our guests for celebrating our special day with us and we look forward to working with Agora Ladies all across the world in the coming years.

# Chartering of AC8 Iceland and 100th member !!

On 11th of January we did welcome a new club in Iceland, Agora Club Iceland 8.

AC 8 is in Reykjavík and surrounding and is mixed with former LC member and member that have no past from LC. We love how we mix together. It was a very pleasant moment and a bonus was that in this new club we chartered our 100th Icelandic woman into Agora.

Agora is growing fast in Iceland and this new club added 2 new members in February and more to come.

## February, Love month...

Valentine's Day versus Dragobete's Day

Despite the great worldwide success of Valentine's Day, Romania is quite attached to its tradition of celebrating love on 24<sup>th</sup> of February.

A local legend claims that Dragobete was, in fact, the son of Baba

Dochia, the daughter of the last Dacian King, Decebalus. The young man is described as a half-man half-angel, beautiful, and immortal. He did not use his powers to make people fall in love, but rather to always remind people to never stop celebrating love.

Dragobete is not only about roses, heart-shaped chocolate, jewelry, and love letters. Is about being tender to your significant other, showing them your appreciation and your love.

We are lucky to celebrate LOVE twice! Don't you think?

With much love,

Gabriela Abagiu

Thank you, Chris Helsen for yummy-yummy chocolate!

# ISP Happy Hearts

My Dear Friends,

Happy to be catching up with you all in 2019! Sometimes we take small mercies like catching up with sister-friends for granted but like being healthy, having a bed to sleep in, and a few bucks in the bank, it is a gift that I am learning to cherish daily😊

I trust that as you are reading this all is well with you and your loved ones. Some days ago Anna asked me to share a little about the LCI ISP 2017-2019 Happy Hearts here in Botswana and as usual I am always very delighted to do so.

As I set out to start to share some news about the project, I received a text message that our friend, 13 year old Kgosi who was afflicted by Spinal Cancer passed away this morning. Just a month ago we had secured a wheelchair for him from Rotary Botswana because we had been advised that he could no longer walk.

We called him our young Warrior because whenever he travelled from his home to get treatment he always made contact with our Convenor Melissa and when we got to see him and we told him it would get better soon for him and all the other children who have been unfortunate to be diagnosed with Cancer. We always shared with him and the other children in the Oncology ward that we and all our friends from all over the world are working hard to ensure that the interim home is built. We comforted them with the reassurance that once the home is built they would be able to rest a while until they were strong enough to travel back home. He had a dream within a wish that Kgosi would fight on and kick the horrible diseases behind and be the Warrior Keeper of the sanctuary we have set our hearts on building.

There are so many brave little souls like our Kgosi in our country and with the awful news this heartbreak loss for his family and those who knew him, we have felt today we are more resolute in

ensuring that this home is build sooner rather than later, so the children of Botswana who are cancer patients can have a fighting chance to recuperate and get stronger before travelling and towards conquering the terrible disease. Some of the kids travel distances of over 1000km one way on a bus in order to access treatment for 4-6 week periods and the chemo and radiotherapy take their toll on these

little bodies. Having a decent place to stay to rest a little while will make a vast difference in our children's lives as travelling these distances immediately after treatment can lead to all sorts of complications including blood capillary raptures leading to a number of deaths because the bodies are delicate. One also tries to imagine what a relief for the parents and caregivers that they do not have to live the nightmare of finances whilst the child is getting treatment and the double nightmare of moving an unwell child for long distances to get back home. I can only imagine the prayers that would be said over 1000km journey.

Thank goodness for the gift of HOPE. I prefer to live there (in hope) all the time so our heads our not cast down for long😊 At LC Botswana we have a mission to accomplish and it is our belief that it will happen because we are not walking alone in the great adventure of friendship and service.

On behalf of the ISP I would like to extend our gratitude to all our friends in Agora who have participated in raising funds for Happy Hearts. At the AGM in Gent many ladies supported the Buy-A-Brick campaign and bought the ISP Pins and we raised Euro 1400 during the weekend. We have plans to start the physical building in month of March but still a bit far off budget wise in relation to our plan of building a 12 Patient bed facility to accommodate the child and a care-giver. Our budget is Euro 250,000 and so far we have managed to raise Euro 121,000 through LCI, Agora and LC Botswana.

The Buy-A-Brick campaign is now online and should you want to assist us further in this fight against childhood cancer please visit the link <https://ladiescircleinternational.org/projects/buy-a-brick-campaign/> and do what you can so this big crazy dream by your little sisters can come true and help the Warrior Kgosi's of this world. A little help makes a big difference😊

# Sonja - Updates and Fund

On behalf of Sonja Trojer – who was affected by a flood in the south of Austria in October - we would like to thank you all for your help, your donations and a wonderful Christmas present of Agora Club 2 Brasov!!!

We would like to inform you about the today's situation of Sonja.

In Austria we had a lot of snow, so Sonja couldn't do anything at her fish farm because of humidity.

Now, spring has sprung and she is organising a lot and wants to start a new beginning! The restaurant is still very wet. Experts are checking the situation of walls and door frames. Maybe some of them must be removed. Next week they will start to clean the walls infested with mould. The ponds have to be cleaned once again, and then she will order fish to open her business in May.

Fortunately Sonja could heat her house through the wintertime. So here the process will go on and within the next weeks she will paint the rooms and lay floors. This will be very important to set

up an office. Sonja has lost all of her furniture and electrical appliances. The gas line was repaired, but the gas oven is broken. Lot of things to buy!

The financial situation is very tense. The damage of the farm, the restaurant and the house was estimated at 500.000 Euros. Sonja sought for help from the state government. Her first application was rejected! Now she is getting help from the mayor and a second expert will come and assess the situation. We hope that she will get money from the disaster fund – otherwise it will be very hard for her.

In closing, and on behalf of Sonja and Agora Club Austria, I wish to seize this opportunity to warmly thank all those who helped and will help!

# Elena – Ladies Circle Fund

The end of 2018 was a sad one having lost one of LC International's most loved President Elena.

We worked on the LC board together and ever since stayed in touch as dear friends. She was strong, intelligent and full of cheer.

Keeping both her loves in mind, her husband Makarios - Past 41 International President and her children want to set up a beautiful fund titled: ***Elena - Ladies Circle***.

The first project is to set up playground for the Special School Evangelismos and Caterina, daughter of Elena, who is an architect, will do the design of the playground complementary free of charge and after getting the approval from the Ministry of Education, they will proceed with the construction.
